

**Call for “Structure, Function and Development of Neural Circuits”
conference TRAVEL AWARDS**

Objective: The Spanish Society for Neuroscience opens a call for travel award applications to attend the 2023 summer conference on “Structure, Function and Development of Neural Circuits” (August 21-23, 2023), will be sponsored by the Cajal Club, the Allen Institute for Brain Science, and the UC Irvine Center for Neural Circuit Mapping.

(<https://cncm.som.uci.edu/2023-cncm-conference/>)

□

Funding. Two awards up 1200€.

Eligibility criteria:

- ✓ To be active SENC member at the time of the application.

Deadline: The call opens on **March 27th, 2023** and closes on **April 24th, 2023**.

How to apply: Applicants need to send an email to secretaria.tecnica@senc.es with the following information:

- ✓ A copy of the abstract to be presented at the conference.
- ✓ A short (300 words) motivation letter stating how and why the applicant would benefit from the award. The applicant should also indicate if they have applied for additional funds for the same purpose.
- ✓ A CV of the applicant.

Evaluation criteria:

1. Novelty and relevance of the study presented in the abstract (scientific excellence).
2. Relevance of the reasons for the application.
3. Preference will be given to applicants who have never received SENC support before.

Go to [https://www.senc.es/ayudas-de-la-senc/SENC TRAVEL GRANTS PROGRAM](https://www.senc.es/ayudas-de-la-senc/SENC_TRAVEL_GRANTS_PROGRAM) for the general SENC Funding Program rules.

Grants will be announced by **May 5th 2023**.

Travel awards will be paid after the submission of the following documents to secretaria.tecnica@senc.es:

- ✓ Certificate of attendance.
- ✓ A statement indicating that the applicant has not received any other related award.
- ✓ Bank account details.
